

The Competent Humility Playbook

HUMAN MODE

Pocket card · Five practices · Companion to the Competent Humility Pulse Check

Own your craft. Name the complexity. Leave oxygen for the unknown — then decide.

1 · KNOW / DON'T KNOW / DECIDE

Here's what I know.

Here's what no one can really know at this point.

Here's how we'll decide — and by when.

2 · PRE-MORTEM (YOU GO FIRST)

"It's six months from now. This failed. What did we miss?"

One real risk from you. Top three. Owners.

3 · Claim craft (Quiet Experts)

"Here's where I'm confident — [domain]. Here's where I want your pressure-test — [domain]."

4 · Dissenting junior (Certainty Actors)

"What are we not seeing?" Protect the answer. Thank them in the room.

5 · REPAIR WITHIN 48 HOURS

In that meeting I overstated how settled this is.

What's actually still open is [X].

Here's what I need from you now — [specific].

Traps: Certainty Actor · Quiet Expert · Open Amateur → target: Competent Humility Leader

Close: Imperfection isn't the opposite of leadership. Unowned imperfection is.
